

## **Platform 2 Events Proposal**

### **Dates**

- Proposed dates for the three Platform 2 events are:
  - Troubled Families – 13-14<sup>th</sup> November 2014, Brussels,
  - Disaffected Youth – 4 – 5<sup>th</sup> December 2014, Rome,
  - Marginalised in Communities –TBC January 2015, Bremen

### **Structure**

Instead of having separate workshops for the individual sub-themes, as at the PL1 events, at the PL2 events the sub-themes will be combined which means there will be fewer workshops:

- The Troubled Families event will consist of 2 workshops:
  - Anti-Social Behaviour and Educational Problems
  - Long-term unemployment and Offenders' Families
- The Disaffected Youth event will consist of 1 workshop
  - NEET and Youth Inclusion and Empowerment
- The Marginalised in Communities event will consist of 2 workshops
  - Homelessness and Disabilities
  - Offenders/Ex-Offenders and Drugs and Alcohol

### **Attendees**

**Troubled Families** – the Network has a budget for a maximum of 40 attendees:

  - 9 organisations to present their collected practice. 1 representative to be invited per organisation
  - 9 individual experts (to include 2 from ESF MA's, 3 from Pan-European organisations and 4 theme specific experts)
  - 2 partners to facilitate
- Offenders/Ex-Offenders and Drugs and Alcohol workshop.
  - 9 organisations to present their collected practice. 1 representative to be invited per organisation
  - 9 individual experts (to include 2 from ESF MA's, 3 from Pan-European organisations and 4 theme specific experts)
  - 2 partners to facilitate
- Ioan to move between workshops

Total Attendees: 41

## Attendee requirements

- **Presenting organisations** - Organisations will be told that can only send 1 delegate so this person **MUST** have a good knowledge of the project (so that they can cover the collected practice in enough detail and be able to answer questions).
- **Experts** - the independent experts must provide a fresh pair of eyes. They can be experts who attended the PL1 events – if they have transferable skills / generalist knowledge of vulnerable groups - but they must not review the same collected practices that they did previously. For example, someone who participated in the offenders workshop in the PL1 events cannot participate in that workshop at the PL2 events. A clear purpose of, and role for, the independent experts must be identified, and communicated to them in their invite to encourage their attendance at the events.
- **Expert's background** – we need to ensure a good mix of independent experts, from a variety of backgrounds and from a variety of European countries. In particular, we would like experts from ESF MAs and Pan European Agencies, as well as subject-specific experts. We currently have 65 suggested experts, but these are all subject-specific experts, or from Pan-European organisations. We need to identify at least 11 experts from ESF MA's. We could use partners from ESF organisations to fulfil this role.

## Presentations

- Each intervention will give a 20 minute presentation. Two interventions will give their presentation, and then there will be a 30 minutes question and answer session – 15 minutes for each intervention.
- Interventions will be given a list of topics in advance that they should cover in their presentation
- Interventions will also be asked to provide a written summary of their intervention, on a form that will be sent to them. This written form will then be shared with all delegates in the workshop in order to provide them with background information about the intervention and help them to frame their questions in advance.
- In addition, all delegates will be told in advance that the Network wants to focus upon identifying and extracting the following points from each collected practice: innovation, transferability, learning and funding factors. This will then provide the delegates with guidance / framework when it comes to thinking about questions they want to ask the organisations.
- The workshop rooms will be set out in cabaret style allowing for delegates to discuss each presentation together as a group.
- Each delegate in the workshop will be given a template with the four headings of: **innovation, transferability, learning and funding factors**. During each

presentation they will be asked to record the aspects of that collected practice that they found to be innovative etc. Ioan will then collate these points.

- There will be NO scoring exercise as these practices are all seen as being the most effective. Instead, the focus of the event will be to extract the innovative; success factors; transferable and learning points from each of the collected practices.
